

COMPETITION FOR WORKS OF VIRTUAL REALITY AND AUGMENTED REALITY

In 2015, Terni Film Festival was the first Italian film festival to present an event of virtual reality, an experience repeated in 2016 and 2019.

As a contribution to the recognition of virtual and augmented reality as an emerging art form, Terni Film Festival, therefore, has decided, on the occasion of the sixteenth edition scheduled from 7 to 15 November 2020, to include in the official international competition a section reserved for authors who apply this modern technology as a new means of artistic expression.

Registration for the competition is free of charge and open to everybody, regardless of age or nationality.

The works must have a maximum length of 20 minutes and can be presented in one of the following ways:

- Presentation with the use of VR headset
- three-dimensional installations with different degrees of interaction

In order to participate, you have to choose between:

- Sending your work to the following address: “Terni Film Festival c/o Istess Cenacolo San Marco, via del Leone, 12 – 05100 Terni”
- Sending your work via e-mail, in a form of attachment, to the following address: redazione.popoliereligioni@gmail.com
- Registering on “Film Freeway” directly on the indicated platform.

The application shall be submitted no later than 15 October 2020 (the stamped postal date being decisive).

Total creative freedom is left to the authors, but priority will be given to works that deal with the theme of "contagion." In the year of the Covid-19 pandemic, the festival, in fact, will present the contagion in the broadest sense with particular attention to the experience of the lockdown and the consequences of the pandemic in developing countries, the climate emergency and environmental issues, drug use.

For each submitted work, participants must attach a signed application form indicating the title of the work and the written release for any presentation during the Film Festival.

The material sent for the selection will not be returned and will become the property of the Organization. The selected works will be presented using master file in HD, in DVD or DCP.

The results of the film selection will be communicated by e-mail or phone, in order to allow the selected authors to attend the awards ceremony.

The jury will be composed of journalist, critics and personalities from the film and entertainment industry, and experts in the field of virtual and augmented reality. The winner will be awarded the Angel of Dominion
